Bob,

I'm guessing you may also be glad that Congress is finally out of town. Mind you today I'm at Reid's National Clean Energy Summit. When they go, I follow.

I wanted to follow on the Goliad project. As you may know, UEC sent Region 6 all the technical information last month to show the direction water flows inside the proposed AE as well as to show that the different sands are not connected. We had a productive call with Region 6 to discuss the technical data and to give them an opportunity to ask any additional questions. During the call, Region 6 indicated that they were on track for a decision in the coming weeks. We are hoping we can stick to that schedule.

It is our understanding that the Goliad Groundwater District met with Region 6 yesterday to discuss their ongoing concerns. We would ask that Region 6 share any information presented during that meeting so that UEC has the chance to quickly review it and provide any additional context that might be helpful as Region 6 completes its review.

As always, we greatly appreciate all of your time and effort on this project.

Best,

Heather
